Latins by the Lakes

Thank you for your interest in this event. Accompanying this overview of Latins by the Lakes is an event Intro sheet and the official entry form.

The Event

Latins by the Lakes is a **non-competitive touring event** for classic Italian car owners/enthusiasts/fanatics/pilots. It takes place in mid-November over four days, one evening and three days, biannually in New Zealand's South Island. The South Island has an excellent selection of driving roads and stunning scenery to complement the fine automotive architecture.

The event, which began back in 1995, is a **celebration** of both Italy's automotive flair as well as Italian culture and style. An **Italian theme** is evident throughout the event. **Viva Italia!**

The event takes the following general format, subject to a healthy dose of evolution, innovation and tradition.

Day One/First Evening: Registration and Conversazione
Day Two: Touring/Charity Fundraiser Lunch/Social Dinner
Day Three: Touring/Visits/Event Dinner (Italian Costume) "Awards/Rewards"
Day Four: Event Photo (Organized chaos)/Visits/Touring

The event is primarily a **social** occasion. We don't have a concours or selection of automotive class criteria as part of the mix.

Vehicles

The event is for Italian "**classic**" cars. This can range from a "lifelong restoration project" to an immaculate model that just rolled out of the dealer showroom. The definition of classic is always going to be a "conversation starter". It could be a veteran/vintage beauty or a contemporary work of art.

If you have any queries or would like more information about the event, please don't hesitate to contact one of us.

Ciao

Mike, Ewan & Alistair
